In a Jewellery Shop

A lady walks into a high class jewellery shop. She browses around, spots a beautiful diamond bracelet and walks over to inspect it. As she bends over to look more closely she inadvertently breaks wind. Very embarrassed, she looks around nervously to see if anyone has noticed her little accident and prays that a sales person doesn't popup right now. As she turns around, her worst nightmare materialises in the form of a salesman standing right behind her. Cool as a cucumber and displaying complete professionalism, the salesman greets the lady with, "Good day, Madam. How may we help you today?" Very uncomfortably, but hoping that the salesman may just not have been there at the time of her little 'accident', she asks, "Sir, what is the price of this lovely bracelet?" He answers, "Madam, if you farted just looking at it, you're going to shit yourself when I tell you the price.

Password

A female computer consultant was helping a rather smug male setup his computer.
She asked him what word he would like to use as a password to log on with. Wanting to embarrass the female he told her to enter the word PENIS. Without blinking or saying a word she entered the password, she almost died laughing at the computers response:
